NAFO/FC Doc. 88/2

SPECIAL MEETING - FEBRUARY 1988

Resolution of the Fisheries Commission of the
Northwest Atlantic Fisheries Organization

Whereas in 1982 the Fisheries Commission adopted Conservation and Enforcement Measures;

Whereas Part I, Section C, 3(a) of these Measures requires each Contracting Party to report to the Executive Secretary, within 30 days following the calendar month in which catches are made, provisional monthly catches by species and stock area;

Whereas the implementation of this obligation requires the Contracting Parties to have procedures through which they obtain regular catch reports from their fishing vessels during their fishing operations in the Regulatory Area to ensure proper in-season management of the fishery resources;

Recognizing that for Contracting Parties whose vessels fish in the Regulatory Area in January, the 1st report of the year is required within thirty days of the end of January;

The Contracting Parties represented at the meeting of the Fisheries Commission undertake to take the necessary measures to comply with the reporting requirements of the NAFO Conservation and Enforcement Measures.
